## PEP - ENVIRONMENTAL STATEMENT MEMORANDUM NO. ESM00-3

To: Heads of Bureaus and Offices

From: Willie R. Taylor, Director *Willie R. Taylor*  
Office of Environmental Policy and Compliance

Subject: State and Local Agency Review of Environmental Statements

All bureau headquarters and regional environmental quality offices should have the following additional references. Executive Orders 12372 and 12416 are attached since they are not readily available. These orders must be kept with the ESM. The remaining references are currently available at the Internet locations given below. It is recommended that bureaus check Internet sites periodically to see if the addresses are still valid. OEPC will issue notices of Internet site changes as it becomes aware of them. Internet site changes must be made in ink and dated on the ESM.

Executive Order 12372 (as amended by EO 12416); Intergovernmental Review of Federal Programs; July 14, 1982.

Executive Order 12416; April 8, 1983.

Intergovernmental Review of the Department of the Interior Programs and Activities; 43 CFR 9, as amended. Available at: <http://www.ios.doi.gov/pam/pamhome.html>. Go to "Financial Assistance" and then to "Policy and Regulations." This is also available from the National Archives and Records Administration Internet site.

Directory of State and Areawide Clearinghouses; Office of Management and Budget, pursuant to EO 12372. Available at:  
<http://www.whitehouse.gov/OMB/grants/spoc.html>.

Departmental Manual, Part 511, Chapters 1-8. Available at:  
<http://www.ios.doi.gov/pam/pamhome.html>. Go to "Financial Assistance" and then to "Policy and Regulations."

Bureaus and offices are requested to utilize State Clearinghouses in order to secure State agency review of environmental statements. In addition, where bureaus deem it appropriate, they may circulate statements directly to State agencies with a clear indication that the statement has also

been sent to the State Clearinghouse or to the Governor's designated alternative if there is one.

Bureaus and offices are requested to utilize Areawide Clearinghouses in order to secure local agency review of environmental statements. Where Areawide Clearinghouses do not exist, environmental statements will be circulated directly to appropriate local governmental agencies.

Clearinghouses or designated alternatives must receive sufficient copies of statements for multi-agency review. Accordingly, it is generally recommended that at least ten (10) copies be transmitted. If copies are sent to individual State or local agencies, it is generally recommended that at least two (2) copies be transmitted. Bureau field installations should develop their own lists of State and Areawide Clearinghouses and the number of copies needed by each. Periodic connection to the OMB Internet site is recommended to update the clearinghouse list.

This memorandum replaces ESM94-4, dated August 17, 1994.

Executive Order 12372 of July 14, 1982

The President

## Intergovernmental Review of Federal Programs

By the authority vested in me as President by the Constitution and laws of the United States of America, including Section 401(a) of the Intergovernmental Cooperation Act of 1968 (42 U.S.C. 4231(a)) and Section 301 of Title 3 of the United States Code, and in order to foster an intergovernmental partnership and a strengthened federalism by relying on State and local processes for the State and local government coordination and review of proposed Federal financial assistance and direct Federal development, it is hereby ordered as follows:

**Section 1.** Federal agencies shall provide opportunities for consultation by elected officials of those State and local governments that would provide the non-Federal funds for, or that would be directly affected by, proposed Federal financial assistance or direct Federal development.

**Sec. 2.** To the extent the States, in consultation with local general purpose governments, and local special purpose governments they consider appropriate, develop their own processes or refine existing processes for State and local elected officials to review and coordinate proposed Federal financial assistance and direct Federal development, the Federal agencies shall, to the extent permitted by law:

- (a) Utilize the State process to determine official views of State and local elected officials.
- (b) Communicate with State and local elected officials as early in the program planning cycle as is reasonably feasible to explain specific plans and actions.
- (c) Make efforts to accommodate State and local elected officials' concerns with proposed Federal financial assistance and direct Federal development that are communicated through the designated State process. For those cases where the concerns cannot be accommodated, Federal officials shall explain the bases for their decision in a timely manner.
- (d) Allow the States to simplify and consolidate existing Federally required State plan submissions. Where State planning and budgeting systems are sufficient and where permitted by law, the substitution of State plans for Federally required State plans shall be encouraged by the agencies.
- (e) Seek the coordination of views of affected State and local elected officials in one State with those of another State when proposed Federal financial assistance or direct Federal development has an impact on interstate metropolitan urban centers or other interstate areas. Existing interstate mechanisms that are redesignated as part of the State process may be used for this purpose.
- (f) Support State and local governments by discouraging the reauthorization or creation of any planning organization which is Federally-funded, which has a Federally-prescribed membership, which is established for a limited purpose, and which is not adequately representative of, or accountable to, State or local elected officials.

**Sec. 3. (a)** The State process referred to in Section 2 shall include those where States delegate, in specific instances, to local elected officials the review, coordination, and communication with Federal agencies.

(b) At the discretion of the State and local elected officials, the State process may exclude certain Federal programs from review and comment.

Sec. 4. The Office of Management and Budget (OMB) shall maintain a list of official State entities designated by the States to review and coordinate proposed Federal financial assistance and direct Federal development. The Office of Management and Budget shall disseminate such lists to the Federal agencies.

Sec. 5. (a) Agencies shall propose rules and regulations governing the formulation, evaluation, and review of proposed Federal financial assistance and direct Federal development pursuant to this Order, to be submitted to the Office of Management and Budget for approval.

(b) The rules and regulations which result from the process indicated in Section 5(a) above shall replace any current rules and regulations and become effective April 30, 1983.

Sec. 6. The Director of the Office of Management and Budget is authorized to prescribe such rules and regulations, if any, as he deems appropriate for the effective implementation and administration of this Order and the Intergovernmental Cooperation Act of 1968. The Director is also authorized to exercise the authority vested in the President by Section 401(a) of that Act (42 U.S.C. 4231(a)), in a manner consistent with this Order.

Sec. 7. The Memorandum of November 8, 1968, is terminated (33 *Fed. Reg.* 16487, November 13, 1968). The Director of the Office of Management and Budget shall revoke OMB Circular A-95, which was issued pursuant to that Memorandum. However, Federal agencies shall continue to comply with the rules and regulations issued pursuant to that Memorandum, including those issued by the Office of Management and Budget, until new rules and regulations have been issued in accord with this Order.

Sec. 8. The Director of the Office of Management and Budget shall report to the President within two years on Federal agency compliance with this Order. The views of State and local elected officials on their experiences with these policies, along with any suggestions for improvement, will be included in the Director's report.

Executive Order 12416 of April 8, 1983

## Intergovernmental Review of Federal Programs

By the authority vested in me as President by the Constitution and statutes of the United States of America, and in order to allow additional time for implementation by State, regional and local governments of new Federal regulations which foster an intergovernmental partnership and strengthened federalism, it is hereby ordered as follows:

**Section 1.** The preamble to Executive Order No. 12372 of July 14, 1982 is hereby amended by inserting, after the words "42 U.S.C. 4231(a)", the following phrase: ". Section 204 of the Demonstration Cities and Metropolitan Development Act of 1966 (42 U.S.C. 3334)".

**Sec. 2.** Section 5(b) of Executive Order No. 12372 is amended by deleting "April 30, 1983" and inserting in its place "September 30, 1983."

**Sec. 3.** Section 8 of Executive Order No. 12372 is amended by deleting "within two years" and inserting in its place "by September 30, 1984".

**DEPARTMENT OF THE INTERIOR****Office of the Secretary****43 CFR Part 9****Intergovernmental Review of the Department of the Interior Programs and Activities****AGENCY:** Office of the Secretary, Interior.**ACTION:** Final rule.

**SUMMARY:** These regulations implement Executive Order 12372, "Intergovernmental Review of Federal Programs." The regulations apply to federal financial assistance and direct federal development programs and activities of the Department of the Interior. Executive Order 12372 and these regulations are intended to replace the intergovernmental consultation system developed under Office of Management and Budget (OMB) Circular A-95. They also implement section 401 of the Intergovernmental Cooperation Act.

**DATE EFFECTIVE:** September 30, 1983.

**FOR FURTHER INFORMATION CONTACT:** Office of Acquisition and Property Management, Division of Acquisition and Grants, 18th and C Streets, N.W., Washington, D.C. 20240 (202) 343-6431.

**SUPPLEMENTARY INFORMATION:** On January 24, 1983 (48 FR 3152), the Department of the Interior along with 25 other federal agencies, published Notices of Proposed Rulemaking (NPRM) to carry out Executive Order 12372 or notices proposing that their programs not be subject to the Order. Subsequently, two more agencies published NPRMs, bringing to 28 the total number of proposals subject to public comment. On March 24, 1983 (48 FR 12409) the Department published a notice in the *Federal Register* which contained a list of programs under which states may opt to use the E.O. 12372 process and a list of programs with existing consultation processes. This notice extended the comment period to April 1, 1983. The Department, in conjunction with the other 27 federal agencies and OMB, published a notice in the *Federal Register* on April 21, 1983 (48 FR 17101) reopening the comment period, scheduling a public meeting for May 5, 1983, and requesting comments on several tentative responses to comments.

Including comments received by OMB and other federal agencies and which were also incorporated in the Department's rulemaking docket, the Department received approximately 160 comments on government-wide issues during the comment period. In addition, the Department received 19 comments

specifically related to the inclusion or exclusion of this Department's programs from the coverage of the Order or other issues pertaining only to the Department.

In preparing the final rule, the Department considered these comments as well as testimony at public meetings held in Washington on March 2, 1983, and May 5, 1983, and a hearing before the Senate Intergovernmental Relations Subcommittee on March 3, 1983.

Following consultation with OMB and the other 22 federal agencies that are issuing a final rule, the Department has made several changes from the proposed rule. The Department is fully committed to carrying out Executive Order 12372, and intends through these regulations to communicate effectively with state and local elected officials and to accommodate their concerns to the greatest extent possible.

Several state, local, and regional agencies asked that the regulations not become effective on April 30, 1983, as the NPRM had contemplated. Postponing the effective date would give state and local elected officials more time to establish the state processes and to consider which federal programs they wish to select for coverage. Responding to these requests, the President amended the Executive Order on April 8, 1983, extending the effective date of these final regulations until September 30, 1983 (48 FR 5587, April 11, 1983). The Department's existing requirements and procedures under OMB Circular A-95 will continue in effect until September 30, 1983.

**Introduction to the Rules**

The President signed Executive Order 12372, "Intergovernmental Review of Federal Programs," on July 14, 1982 (47 FR 30959, July 16, 1982). The objectives of the Executive Order are to foster an intergovernmental partnership and a strengthened Federalism by relying on state and local processes for state and local government coordination and review of proposed federal financial assistance and direct federal development. The Executive Order:

- Allows states, after consultation with local officials, to establish their own process for review and comment on proposed federal financial assistance and direct federal development;
- Increases federal responsiveness to state and local officials by requiring federal agencies to accommodate state and local views or explain why not;
- Allows states to simplify, consolidate, or substitute state plans; and,
- Revokes OMB Circular No. A-95.

**Salient Features of the Policies Implementing E.O. 12372**

Three major elements comprise the scheme for implementing the Executive Order. These are the state process, the single point of contact, and the federal agency's "accommodate or explain" response to state and local comments submitted in the form of a recommendation.

**State Process**

The state process is the framework under which state and local officials carry out intergovernmental review activities under the Executive Order. The rule requires only two components for the state process: (1) a state must tell the federal agency which programs and activities are being included under the state process, and (2) a state must provide an assurance that it has consulted with local officials whenever it changes the list of selected programs and activities. (The Executive Order provides that states are also to consult with local governments when establishing the state process.) Any other components are at the discretion of the state. This lack of prescriptiveness gives state and local officials the flexibility to design a process that responds to their interests and needs.

A state is not required to establish a state process. However, if no process is established, the provisions of the Executive Order and the implementing rules (other than indicating how federal agencies will operate under such situations) are not applied. Existing consultation requirements of other statutes or regulations (except Circular A-95) would continue in effect, including those of the Intergovernmental Cooperation Act of 1968 and the Demonstration Cities and Metropolitan Development Act of 1966. The intergovernmental consultation provisions of Circular A-95 end as of September 30, 1983.

While not required by the rule, most state processes will likely include the following components:

- A designated single point of contact;
- Delegations of review and comment responsibilities to particular state, areawide, regional, or local entities;
- Procedures to coordinate and manage the review and comment on proposed federal financial assistance or direct federal development, and to aid in reaching a state process recommendation;
- A means of consulting with local officials; and,

—A means of giving notice to prospective applicants for federal assistance as to how an application is to be managed under the state process.

Federal agencies will list those programs and activities eligible for selection under the scope of the Order. After consulting with local elected officials, the state selects which of these federal programs and activities are to be reviewed through the state process and sends OMB the initial list of selected programs and activities. Subsequent changes to the list are provided directly to the appropriate federal agencies.

The federal agency provides the state process with notice of proposed actions for selected programs and activities.

For any proposed action under a selected program or activity, the state has among its options those of: Preparing and transmitting a state process recommendation through the single point of contact; forwarding the views of commenting officials and entities without a recommendation; and not subjecting the proposed action to state process procedures. For proposed actions under programs or activities not selected, the federal agency would provide notice, opportunities for review, and consideration of comments consistent with the provisions of other applicable statutes or regulations.

#### *Single Point of Contact*

The state single point of contact, which may be an official or organization, is the only party that can initiate the "accommodate or explain" response by federal agencies. The single point of contact does so by transmitting a state process recommendation. (The terms "accommodate or explain" and state process recommendation are explained later.) As indicated, there is to be only one single point of contact. The other functions undertaken by the single point of contact are submitting for federal agency consideration any views differing from a state process recommendation, and receiving a written explanation of a federal agency's nonaccommodation. No other responsibilities are prescribed by the Federal Government for the single point of contact, although a state could choose to broaden the single point of contact role.

The single point of contact need not submit for federal agency consideration those views sent to the single point of contact by commenting officials and entities regarding proposed actions where there is no state process recommendation. Commenting officials and entities can submit such views directly to the federal agency.

A state need not designate a single point of contact. However, if a state fails to designate a single point of contact, no other entity or official can transmit recommendations and be assured of an accommodate or explain response by the federal agency. Comments or views may be transmitted by these other entities or officials, but need only be considered by the federal agency in accordance with Section 401 of the Intergovernmental Cooperation Act and other relevant statutory provisions.

#### *"Accommodate or Explain"*

When a single point of contact transmits a state process recommendation, the federal agency receiving the recommendation must either: (1) Accept the recommendation; (2) reach a mutually agreeable solution with the parties preparing the recommendation; or (3) provide the single point of contact with a written explanation for not accepting the recommendation or reaching a mutually agreeable solution, i.e., nonaccommodation.

If there is nonaccommodation, the federal agency is generally required to wait 15 days after sending an explanation of the nonaccommodation to the single point of contact before taking final action.

A "state process recommendation" is developed by commenting state, regional, and local officials and entities participating in the state process and transmitted by the single point of contact. The recommendation can be a consensus, or views may differ. A state process recommendation which is a consensus—i.e., the unanimous recommendation of the commenting parties—of areawide, regional, and local officials and entities can be transmitted. All directly affected levels of government need not comment on the proposed action being reviewed to form a state process recommendation. Also, the state government need not be party to a state process recommendation. A state process recommendation can be transmitted on proposed actions under either selected or nonselected programs or activities.

#### *Section-by-Section Analysis*

In making changes from the NPRM to this final rule, the Department altered the section and paragraph numbers of various portions of the rule. So that these changes will be easier to follow, we are providing a table showing where each portion of the proposed rule is covered in the final rule:

Proposed rule (section)	Final rule (section)
9.1.....	9.1.
9.2.....	9.2.
9.3(a).....	9.3(a).
9.3(b).....	9.7(a).
9.3(c).....	9.3(b).
9.4.....	9.4.
9.5(a).....	9.6(b).
9.5(b).....	9.6(d).
9.5(c).....	9.6(c).
9.6(a).....	9.6(b).
9.6(b).....	9.7(a).
9.6(c).....	9.8(a).
9.6(d).....	Deleted.
9.6(e).....	9.9.
9.7(a).....	9.10(a).
9.7(b).....	9.10(b), (c).
9.8.....	9.11.
9.9.....	9.12.
9.10.....	9.13.

Portions of the final rule not listed in this table (§§ 9.5, 9.6(a), (9.7(b), and 9.8(c)) are new.

#### *Section 9.1 What is the purpose of these regulations?*

There is only one substantive change to this section, but it is an important one. The NPRM, while citing Section 401 of the Intergovernmental Cooperation Act as authority, did not specifically contain provisions to implement some of its requirements.

The text of Section 401 is printed in the Department of Agriculture's final rule published elsewhere in this issue (See Supplementary Information Section USDA's document).

A broad spectrum of commenters, including state, local, and regional agencies, interest groups, and members of Congress, said that the regulations implementing Executive Order 12372 should also provide that federal agencies carry out their responsibilities under this statute. In response, paragraph (a) of this section (as well as the authority citation for the entire regulation) now cites not only the Executive Order but also Section 401 of the Intergovernmental Cooperation Act. Other provisions in these regulations carry out the Department's responsibilities under these statutory provisions.

Section 401 emphasizes that federal actions should be as consistent as possible with planning activities and decisions at state, regional, and local levels. The Department, when considering and making efforts to accommodate comments and recommendations it receives under these regulations, recognizes its responsibilities under this section. A few commenters suggested deleting the language in paragraph (c) of this section which says that the regulations were not intended to create any right of judicial review. The rule retains this language. Clearly, the purpose of the Executive

Order and these regulations is to foster improved cooperation between the Department and other federal agencies on one hand, and state and local elected officials on the other. The Order and these regulations presuppose, and rely on, the good faith of federal, state and local officials in communicating with one another and seeking to understand one another's concerns. To regard these regulations as rigid procedures intended to provide new opportunities for litigation would be wholly contrary to their purpose. Agencies have statutory responsibilities under the laws on which these rules are based. In some cases, courts have held agency actions to be judicially reviewable under these statutes. By retaining paragraph (c) in the regulation, the Department is stating only that these regulations are not grounds for judicial review of agency action beyond those afforded by the underlying statutes.

*Section 9.2 What definitions apply to these regulations?*

Commenters did not object to the definitions in the proposed rule. However, a few commenters asked that various additional terms be defined. The Department does not believe that it is necessary to define any of these additional terms. The term "environmental impact statement" is a well-known term of art in environmental law and planning, is mentioned in the National Environmental Policy Act, and is discussed in numerous court decisions. This term is not used in the regulation. In any event, the Department would not use the term in any but its commonly understood sense.

The Department chose not to include a definition of "state plans," "direct federal development," or "federal financial assistance." Experience in other regulatory areas (e.g., civil rights regulations with respect to federal financial assistance) has shown that it is difficult to craft a concise, understandable, and comprehensive definition. An abstract definition always carries with it the danger of inadvertently leaving something in that should be excluded or leaving something out that should be included. Moreover, in these cases, the lists of state plans and program inclusions accompanying this rulemaking provide adequate operational information upon which state and local elected officials can act.

The Department also decided not to try defining "emergency" and "unusual circumstances." With respect to terms like these, the dangers of overinclusiveness and

underinclusiveness are particularly great. The purpose of an emergency waiver provision or discretion to deviate from certain requirements in unusual circumstances is to give federal agencies flexibility to deal with unforeseen situations and other problems beyond the agencies' control. As stated in the preamble to the proposed rules, the Department expects to use such provisions sparingly, and only when absolutely necessary. Thus it would be counterproductive to attempt, through a definition, to limit this flexibility by anticipating all possible circumstances when it might be needed.

The Department also does not believe a definition of "accommodate" is necessary. The concept of accommodation is addressed in § 9.10. In this section, the Secretary accepts the state process recommendation or reaches a mutually agreeable solution. If the Department does not provide an accommodation in one of these two ways, it must provide an explanation. Since the Department believes the section describes sufficiently what is meant by accommodation, a further definition of the term is not helpful.

Finally, the Department considered whether to include a definition of the term "state process recommendation." The Department concluded that a definition of this term would not materially help clarify those situations in which the Department has an obligation to "accommodate or explain" in response to comments and recommendations. The term's function is discussed at great length in earlier and subsequent sections of this preamble, and this should provide sufficient information as to its meaning.

*Section 9.3 What programs and activities of the Department are subject to these regulations?*

Paragraphs (a) and (b) of this section are substantively very similar to paragraphs 3(a) and (c) of the NPRM. A substantial number of commenters contended that it was contrary to the intent of the Order for the Federal Government to exclude any programs or activities from coverage under the Order and these regulations, and that elected officials participating through the state process are the only proper parties to decide what should be excluded from the state process. Other commenters objected to the various criteria used by the federal agencies in developing their lists of programs and activities that were being proposed for exclusion.

The Order does not purport to cover all federal programs and activities. Its scope is limited to federal financial

assistance and direct federal development programs and activities, and the Order mandates consultation only when state and local governments provide non-federal funds for, or are directly affected by the proposed federal action. Programs and activities not falling into either of these categories are clearly outside the scope of the Order (e.g., Coast Guard search and rescue activities, procurement of military weapon systems). It is appropriate for federal agencies to decide which of their activities are federal financial assistance or direct federal development.

There are also actions related to federal financial assistance or direct federal development activities where review and comment as provided by the Executive Order would be superfluous or futile. Certain basic Federal Government functions either have public participation procedures of their own (e.g., rulemaking under the Administrative Procedure Act) or are internal government processes in which state and local coordination and consultation are not appropriate (e.g., formulation of the Department's budget proposals transmitted to OMB, or OMB's recommendations to the President concerning budget formulation).

Because various programs and activities are not appropriate for coverage under the Order in any circumstance, the Department believes these should continue to be excluded from the listing of programs and activities which are eligible for selection for a state process. While the Department did not propose any exclusions, we did propose to continue existing consultation processes and published a list of programs and activities with such processes on March 24, 1983 (48 FR 12409). Based on comments received by the Department and discussed in detail in that section of the preamble covering scope issues, the Department's rule continues to require use of existing consultation processes as proposed. To provide information on the activities and programs eligible for selection using this rule, the Department is publishing a listing of programs and activities eligible for E.O. 12372 process use. This information is being published as a separate list rather than as part of this rule to allow future changes to be made more conveniently. The Department will seek public comment on proposed future program or activity exclusions as these occur.

*Section 9.4 [Reserved]**Section 9.5 What is the Secretary's obligation with respect to federal interagency coordination?*

Some comments, including those suggesting a federal single point of contact, asked the Department and other federal agencies to do more in ensuring that federal agencies communicate not only with state and local elected officials but also with each other. The Department believes that this point is well taken. Many programs and projects require information or approvals from a number of federal agencies, and federal interagency communication is as important, in many cases, as intergovernmental communication. Consequently, the Department is adding a new section, the language of which is derived from subsection 401(d) of the Intergovernmental Cooperation Act. The section provides that the Secretary, to the extent practicable, will consult with and seek advice from all other substantially affected federal departments and agencies in an effort to assure full coordination between such agencies and the Department regarding programs and activities covered under these regulations.

*Section 9.6 What procedures apply to the selection of programs and activities under these regulations?*

Paragraph (a) of this section is new. It makes clear that any program or activity published in the *Federal Register* list prescribed by § 9.3 is eligible for selection for a state process. The paragraph also declares, more explicitly than the NPRM, that states are required to consult with local elected officials before selecting programs and activities for coverage. This addition responds to comments that asked that the states' obligation in this regard, as well as in the establishment of a state process, be spelled out in the rule. OMB previously wrote the Governors asking each to provide such an assurance when the state submits its initial list of selected programs and activities.

Several commenters also suggested that these regulations should more firmly require local involvement (e.g., a letter of concurrence) in the establishment of state processes. The Executive Order requires, and OMB's letter to the Governors has reiterated, that there must be consultation between state and local elected officials in the establishment of the process. The Order clearly contemplates that official processes under the Order are established by state and local elected officials in cooperation and consultation

with one another. The Department believes that these requirements are clear and that further administrative requirements imposed by regulations are unnecessary and would, in many cases, delay or interfere with the establishment of a state process. In particular, the Department does not believe that the Order contemplates so rigid a requirement as a sign-off by an official of each local jurisdiction in a state before a process may be valid.

Paragraphs (b), (c) and (d) of this section derive from paragraphs (a), (c) and (b), respectively, of § 9.5 of the NPRM. Language added to paragraph (c) of the final rule specifies that the state must submit to the Secretary with each change in its program selections an assurance that local elected officials were consulted about the change. This language emphasizes the continuing obligation of states to involve local elected officials in decisions concerning what programs are selected for the state process. The paragraph also allows the Department to establish deadlines for states to inform the Secretary of changes in program selections. The primary reason for this provision is to expedite processing of assistance applications and to reach decisions on projects at times of heavy workload, such as the end of the fiscal year. For example, deadlines could be set to avoid having to make, or short notice, midstream changes in coordination procedures. In addition, the Department has made some editorial changes for better clarity.

A number of commenters asked what procedures apply when a state chooses not to adopt a process under the Order or when a particular program or activity is not selected for a state process. This question is answered in paragraph (b) of § 9.7, discussed below.

*Section 9.7 How does the Secretary communicate with state and local officials concerning the Department's programs and activities?*

Paragraph (a) incorporates materials from §§ 9.3(b) and 9.6(b) of the NPRM, except that the final regulation specifies that the Secretary's obligation to communicate with state and local elected officials applies to programs and activities subject to the Order that are covered by a state process. This change is intended to emphasize that it is with the state process, not just a Governor's office or other state government entity, that the Secretary will communicate.

The notice provided for by this section is not necessarily exclusive. For example, many programs and activities have independent consultation or notification requirements, which apply even if a program is not selected for a

state process. The Department must pursue such notification and consultation practices under these authorities even where the program or activity is selected for a state process. The Department may also take the initiative at any time to contact any interested person or entity about one of the Department's programs or activities. Further, the Department need not rely on the state process or the single point of contact to bring about this communication or consultation.

When the Department notifies the state process with respect to a proposed action concerning a program or activity that has been selected for the state process, notification of areawide, regional, and local entities for purposes of Section 401 is the responsibility of the state process. The single point of contact could be the information channel for this purpose. The Department need not notify areawide, regional, and local entities separately in this situation, but may do so.

Paragraph (b) is new, and is intended to respond to concerns expressed by commenters on how the Department communicates with local elected officials in situations where a state does not have a state process or where the state process does not cover a particular program or activity. The Department will carry out its responsibilities in these situations by providing notice to state, areawide, regional or local officials or entities that would be directly affected by the proposed federal financial assistance or direct federal development. This notice may be either through publication (e.g., a notice in the *Federal Register* or in a publication widely available in the area potentially affected by the proposed federal action) or direct (e.g., a letter to the mayor of an affected city). The notice will alert the directly affected entities concerning the proposed action and identifying who in the Department should be contacted for more information.

*Section 9.8 How does the Secretary provide states the opportunity of commenting on proposed federal financial assistance and direct federal development?*

More commenters—over a third of the total—addressed § 9.8(c) of the NPRM (redesignated § 9.8(a) in the final rule) than any other provision in the proposed regulation. The NPRM proposed that, except in unusual circumstances, the Secretary would give states at least 30 days to comment on any proposed federal financial assistance or direct federal development. Almost all commenters discussing this point felt 30

days was too brief a period to develop comments, particularly when disagreements among various interested parties within the state need to be resolved. Commenters requested a number of longer comment periods, including 35, 45, 50, and 60 days. Some commenters suggested that an additional period—normally between 15 and 30 days—be available to states either at their discretion or when disputes needed to be resolved.

In response to these comments, the Department has decided to lengthen the comment period to 60 days in all cases (including interstate matters) except with respect to federal financial assistance in the form of noncompeting continuation awards, for which the comment period would remain 30 days.

The Secretary will establish, by notice to the single point of contact or to directly affected entities, a date from which the 30 to 60 day comment period will begin to run. This information could be provided, for example, in program specific announcements concerning the availability of grants. Where a program or activity is not selected for the state process, the Department will provide notice, including any adjustments to the comment period that may be necessary, to directly affected state, areawide, regional or local entities regarding the proposed federal action. Because paragraphs (a) and (b) now provide that the Secretary will establish this starting date, the language of the NPRM permitting the Secretary to establish deadlines for submission of various materials is no longer necessary and has been deleted. When establishing deadlines, the Secretary will ensure that commenting parties under the state process are afforded adequate time to review and comment on an application or project proposal.

Paragraph (b) of this section is derived from § 9.6(a) of the NPRM. The provisions of this section apply to cases in which review, coordination, and communication with the Department have been delegated. This paragraph is intended to make clear that when this responsibility is delegated, these procedures apply just as if the matter were handled at the state level.

The Department encourages applicants at an early stage to notify and talk with officials and entities who have the opportunity to review and comment on the application.

Paragraph (e) of § 9.6 of the NPRM has been dropped. A new § 9.9 of the final rule describes how the Secretary receives and responds to comments.

#### *Section 9.9 How does the Secretary receive and respond to comments?*

This new section replaces § 9.6(e) of the NPRM and elaborates in substantially greater detail the Secretary's obligations concerning the receipt of and response to comments. Section 9.6(e) had provided that the Secretary would respond as provided in the Order to all comments from a state that are provided through a state office or official that acts as a single point of contact under the Order between the state and the federal agencies.

About a quarter of all comments received discussed this "single point of contact" concept, with a majority of those comments opposing the required establishment of a single point of contact of expressing serious concerns about how it would work. Some of these comments wanted to permit multiple points of contact within a state instead of only one. The reasons expressed for this opposition of concern fell into two major categories. First, some commenters felt that a single point of contact would be an unnecessary extra layer of bureaucracy imposed on their state process. Second, some commenters felt that the single point of contact could, in effect, veto recommendations made by local or regional entities or reduce the comments of such entities to second-class status. In other words, their view was that using a single point of contact would inhibit, rather than facilitate, transmission to federal agencies of the concerns of local elected officials and regional and areawide entities.

In response to these comments, and consistent with the amended Executive Order and the Department's decision explicitly to implement through these regulations Section 401 of the Intergovernmental Cooperation Act, the Department has made substantial changes to this paragraph.

Nonetheless, the concept of the single point of contact is being retained. Satisfactory implementation of the Executive Order requires a means of handling the communication and information flow between federal-state/local and state/local-federal entities and officials in as simple and understandable a way as possible. Designating a single point of contact will serve this end better, in our view, than a multiplicity of communications channels. If all federal agencies and all parties within a state know that a particular office or official performs this state/local-federal communications link for the state process, much confusion and guesswork which otherwise could occur can be eliminated.

We emphasize that, from our perspective, the primary role of the single point of contact is to act as a conduit—a means of transmission—for the comments of state and local elected officials on proposed federal actions. It does not matter to the Department whether this single point of contact also has a substantive role in preparing comments. That is up to the state and local elected officials who establish each state process. The Department is concerned only that the single point of contact communicate those comments and recommendations to the Department.

Paragraph (a) obligates the Secretary to follow the "accommodate or explain" procedures of § 9.10 if two conditions are met. First, the state must have designated a single point of contact. Second, the single point of contact must have transmitted a state process recommendation. (The single point of contact, and not the applicant, must transmit the recommendation to the Department.) If these conditions are not met, the Secretary will still consider all comments received, but the "accommodate or explain" obligation will not apply.

The state process recommendation provision is intended to clarify the reciprocal responsibilities of the state and federal agencies under the Executive Order. The Order is an important part of the Administration's Federalism policy. Federalism means, among other things, that federal agencies should give greater deference to, and make greater efforts to accommodate, the concerns of state and local elected officials than has sometimes been the case in the past. But Federalism also means, in the Administration's view, that state and local officials themselves have a responsibility to attempt to solve intrastate problems without resort to intervention from Washington. Where states and other directly affected parties carry out these responsibilities by forging a state process recommendation, it is highly appropriate for the Federal Government to give these recommendations the increased attention that the "accommodate or explain" process provides. We wish to emphasize that, in any case, the Department will always fully consider all comments it receives under these regulations.

The Department's practical, as well as theoretical, reasons for stressing consensus building were described in the NPRM. We expect that carrying out the Department's "accommodate or explain" responsibility will be greatly

aided when a single, unified position is presented for response. However, several commenters said that it would be difficult to achieve or undesirable to attempt consensus with respect to some projects or programs. Many of these comments were in connection with the 30-day review period proposed by the NPRM, saying that more than 30 days was needed if consensus were to be reached. The extension of the review period to 60 days in the final rule should mitigate this concern.

In addition, the Department will respond as provided in section 9.10 to a state process recommendation which does not represent a consensus. This means that the single point of contact will not have to submit a recommendation representing unanimous agreement for the recommendation to receive an "accommodate or explain" response from the Department under these rules. Moreover, because the single point of contact is required under paragraph (b)(2) of this section to pass through comments that differ from the state process recommendation, all officials and entities within a state are assured that comments that differ from the state process recommendation on a particular program or project will be seen and considered by the Department.

Paragraph (b)(1) provides that the single point of contact need not transmit comments from directly affected entities when there is no state process recommendation. However, the single point of contact should advise the commenting officials and entities when a state process recommendation is not being transmitted so that these entities will have sufficient time to send their views directly to the Department before the review and comment period ends. These entities may also choose to send their comments directly to the Department concurrent with their sending them to the state process.

Paragraph (b)(2) obligates the single point of contact to transmit to the Department all comments received concerning a selected program or activity that differ from a state process recommendation. This requirement will ensure that, as Section 401 specifies, the Department considers all views from state, areawide, regional, and local entities or officials. It should also reassure commenters that the views of concerned officials are not subject to any "pocket veto" by the single point of contact.

In paragraphs (c) and (d), the Department makes provision for responding to comments in situations where there is no state process or for programs that are not selected for a

state process. Paragraph (c) provides that in the absence of a state process, or if the single point of contact does not transmit a state process recommendation, state, regional and local officials and entities may submit comments to the Department. The Department is obligated to consider these comments. Paragraph (d) makes a similar provision for situations where the state process does not cover a particular program or activity of the Department.

Paragraph (e) simply reiterates the Department's obligation to consider all the comments it receives from state, areawide, regional and local officials and entities under these regulations, whether they are transmitted through a single point of contact or otherwise provided to the Department. This obligation derives directly from Section 401. A number of commenters suggested that the Department and other federal agencies impose various administrative requirements with respect to financial assistance programs. Among the suggestions were that federal agencies tell applicants about the requirements of each state process, that comments from the state process should be sent to the applicant before the application is forwarded and that the applicant should attach these to the application, that the state process should be able to require a "notice of intent," that federal agencies should not act on an application before receiving comments from the state process, that federal agencies require applicants to submit materials requested by the state process, and that federal agencies should have applicants themselves contact interested local parties.

Although the Department recognizes a responsibility to work with applicants so this new intergovernmental consultation system functions smoothly, the Department does not believe it is appropriate to impose specific regulatory requirements regarding administrative details of this kind. The Department believes that each state process should establish the "paper flow" procedures best suited to its situation. Where the state process decides to send comments to the applicant, the Department will expect the applicant to forward those comments with its application to the Department. However, this does not obviate the necessity for transmitting the state process recommendation to the Department through the single point of contact. The point here is that state processes have the option of also sending comments through the applicant to the Federal Government with each application, and thus alleviate concerns

that the application and comments might otherwise fail to be joined together by the Department.

*Section 9.10 How does the Secretary make efforts to accommodate intergovernmental concerns?*

Paragraph (a) of this section now provides that if a state process provides a state process recommendation to the Department through a single point of contact, the Department becomes obligated to accommodate or explain. This means that the Department need not accommodate or explain comments that: (1) do not constitute or form the state process recommendation, or (2) are not provided through a single point of contact. The Department will fully consider all such comments, but there will be no "accommodate or explain" obligation.

As under the proposed regulations, "accommodating" a state process recommendation means either accepting that recommendation or reaching a mutually agreeable solution with the state process. In response to a substantial number of comments, paragraph (a)(3) of the final rule provides that all explanations of nonaccommodation will be in writing. This is not to say that the Department may not also inform the single point of contact of a nonaccommodation by telephone, other telecommunication, or in a personal meeting. However, whether or not such a conversation or communication occurs, the Department will always send a written explanation of the nonaccommodation.

As under the proposed rule, the Department will not implement a decision for ten days after the single point of contact receives the explanation. A few commenters suggested that this waiting period should be longer than ten days; however, the Department believes that to avoid unduly delaying the award of federal financial assistance or the start of direct federal development, a longer period should not be provided. The Department believes that ten days will be adequate time for the state process to formulate an appropriate political response if the issue is sufficiently important within the state.

The Department has included a new paragraph (c) in the regulation to clarify when the ten-day waiting period begins to run. If the Department has made a telephone call (or other oral communication) to the single point of contact advising of the nonaccommodation and providing an explanation, the ten-day period begins to run from the date of the

communication, even though the written explanation arrives later. If the Department sends a letter but does not make a telephone call, the ten-day period begins on the date the single point of contact is presumed to have received it. This presumptive date of receipt is five days from the date on which the letter is sent, a period consistent with the longstanding successful practice of the Social Security Administration and longer than that used for presumptive receipt of official papers in many other legal contexts. In effect, the Department will be free to begin carrying out its decision on the sixteenth day after the day the Department sent the letter.

Some commenters indicated that what they sought most was federal agency responsiveness to their comments. These commenters felt the lack of responsiveness was a significant failing of the intergovernmental process under OMB Circular A-95. In providing explanations of nonaccommodation, the Department will make an effort to be as responsive as practicable consistent with the Department's responsibilities to accomplish program objectives and to expend funds in a sound financial manner.

*Section 9.11 What are the Secretary's obligations in interstate situations?*

This section is based on § 9.8 of the NPRM. One feature of the NPRM section—the provision of 45 days for comment in interstate situations—has been dropped because the comment period in the final rule is 60 days in all cases except noncompeting continuation awards.

The Department received several comments on its handling of interstate situations. Most of these comments asked for greater federal guidance or involvement in interstate situations, especially when various affected states did not agree with one another.

The Department does not believe that it is necessary to change the proposed regulation to provide any particular procedure for resolving interstate conflicts. It is clearly in the Department's interest to have affected states mutually agree on the Department's programs and projects that affect interstate situations. On a case-by-case basis, as appropriate, the Department will work with officials of states involved in an interstate situation in an attempt to secure this agreement. This should not be a regulatory requirement, however.

The Department believes that designated areawide agencies in interstate metropolitan areas have an important role to play. Consequently,

paragraph (a)(3) now specifically mentions designated areawide entities among those which the Department will make efforts to notify in interstate situations. OMB will periodically provide the Department with a list of designated interstate areawide entities. Paragraph (a)(4) provides that the recommendation of a designated interstate areawide entity will be given "accommodate or explain" treatment by the Department if it is sent through a state single point of contact, and if the areawide entity has been delegated a review and comment role for the program or activity being commented on by a state process.

For example, the Metropolitan Washington, D.C. Area Council of Governments represents jurisdictions in an interstate area including parts of Maryland, Virginia and the District of Columbia. If that Council of Governments has been delegated a specific review role and makes a recommendation on a proposed action by the Department, and that recommendation is transmitted to the Department through the single point of contact of either Maryland, Virginia, or the District of Columbia, the Department is obligated to accommodate or explain. If a state process recommendation differing from the Washington COG recommendation is also transmitted by another state's single point of contact, the Department would also accommodate or explain that recommendation as well.

*Section 9.12 How may a state simplify, consolidate or substitute Federally required state plans?*

This section is unchanged from the NPRM. The Department did receive a number of comments on this section, however. Several agreed that states should be able to simplify state plans, but objected to allowing states to consolidate their plans. The reasons for these objections differed; most appeared to be from those who feared that consolidation of state plans would cause the interests of particular groups or particular programs to be ignored. As this section merely implements the requirement of the Order that federal agencies allow the consolidation of state plans, the Department had little discretion in developing this provision. In addition, the Department has the obligation to ensure that any simplified or consolidated state plan continues to meet all federal requirements. For example, a consolidated plan that failed to meet statutory or regulatory requirements for a particular program would not be accepted.

One commenter recommended that an appeals process be established to deal with situations in which federal agencies disapprove modified state plans. The Department believes that such a process is not necessary, because if a federal agency disapproves a modified plan for failure to meet federal requirements, the state can appeal the decision through normal agency mechanisms. In any event, during the review process before disapproval, the Department will work with states to resolve problems that could impede approval.

A few commenters recommended there be a federal "single point of contact" for state plans or other purposes. The Department believes this idea would not work, because of differing agency responsibilities under the wide variety of program statutes that various federal agencies carry out. In addition, federal agencies need to retain existing delegations of state plan approval authority. However, the Department and other federal agencies will each designate a focal point with whom states can deal on state plan matters. In addition, the federal agencies having state plans intend to establish an informal interagency steering group, which will meet quarterly to discuss state plan matters. Through this steering group, as well as by interagency contacts in specific situations, federal agencies will coordinate with each other in cases when states consolidate plans across federal lines. This coordination should promote consistent determinations among and within agencies on state plans.

Finally, one commenter suggested that the federal agencies develop a model state plan format that could be used by the states. While we are willing to provide suggestions in response to specific state questions (including providing formats that have been used successfully by other states), we believe that states should be free to develop their own formats to reflect their own situations. Consequently, the Department will not develop model formats, since formats developed as models for the voluntary uses of states could come to be regarded, either by federal agencies or by states, as required.

A list of state plans that may be simplified, consolidated, or substituted for, appears elsewhere in today's Federal Register and will be updated periodically.

*Section 9.13 May the Secretary waive any provision of these regulations?*

This provision is unchanged from the NPRM, although the section number is changed. A few commenters objected to this waiver provision, apparently in the belief that it was a loophole allowing federal noncompliance with the Executive Order. The Department is strongly committed to compliance with the Order, and will use the emergency waiver provision only in those rare instances where an unanticipated situation makes prompt action necessary without full compliance with all provisions of these regulations. If the Department uses the emergency waiver provision, the Department will attempt, to the extent feasible and meaningful, to involve the state process in subsequent decisionmaking concerning the matter about which the waiver was used. In addition, the Department will keep records of all situations in which the emergency waiver was used.

**Other Comments**

In addition to comments specifically pertaining to various features of these regulations, there are several other comments made to the Department to which the Department would like to respond. Several commenters said that the Office of Management and Budget should have a stronger oversight role, thus ensuring that federal agencies carry out their obligations under the Order and these regulations. Behind these comments seems to be a concern that federal agencies are not really interested in consulting with state and local governments and a view that, in the absence of an OMB "policing" role, agencies would tend to ignore these obligations.

The Department wants to state unequivocally that it is fully committed to implementing all of the provisions of the Order and these regulations, and will act quickly to respond to complaints from state, areawide, regional and local officials and entities that mistakes or omissions have been made with respect to the Department's obligations. Carrying out this Order faithfully and forcefully is an important part of the Administration's Federalism policy, and the Administration's policymaking officials intend the policy to be carried out fully by everyone in their agencies.

OMB will have a general oversight role with respect to federal agency implementation of the Order, including the required preparation of a report in late 1984 concerning the operation of the new process. OMB will periodically review agency records of nonaccommodations and waivers. OMB

has advised the agencies, however, that a detailed operating review or "policing" relationship would not be consistent with the role of OMB vis-a-vis the other federal agencies. OMB is not intended to have day-to-day operational responsibilities with respect to federal programs. Concerning these regulations, as with respect to other agency operational responsibilities, the officials of this Department are responsible to the Secretary, who in turn is responsible to the President for carrying out important Administration policy.

Finally a number of commenters reminded the Department and other agencies that we should continue to follow existing statutory requirements that affect many federal agencies, with respect to environmental impact statements, historic preservation, civil rights, etc. The Department will continue to follow all such crosscutting requirements and other independent consultation requirements. To the extent that it is feasible to do so, the Department will work with states to integrate handling of some of these crosscutting requirements with the official state process. However, regardless of the structure of a state's process or whether there is a state process at all, the Department will continue to meet all legal requirements in these areas.

In a related question, some commenters asked how certain requirements concerning environmental impact statements and coastal zone management would be handled administratively under these regulations. Under the A-95 system, clearinghouses often coordinated responses to Federal agencies relating to these matters. Under the Executive Order system, a state could, if it wished, designate the single point of contact or other entity to circulate documents and to bear the administrative responsibility for coordination and review. Federal agencies could also continue any arrangements or relationships with entities in the state that now exist to facilitate this review and comment. Where it is feasible, we encourage a coordinated response under these regulations and other coordination requirements.

**Scope**

The Department received 19 comments dealing specifically with the programs of the Department or the scope of those programs as treated in the proposed rules. Of these 19 comments, three commenters contributed a total of six comments, each of them submitting two separate comments. The comments

ranged from local governments to State governments.

Seven commenters wrote to the Department before its lists of programs were available, essentially asking for the lists. The Department's lists were published in the *Federal Register* on March 24, 1983 (48 FR 12409). One of these commenters later said that it agreed with the list of programs, and with those which it could opt to use under Executive Order 12372, and agreed to incorporate existing consultation processes in its own State process. Two of the commenters included separate, but identical, lists of programs which they suggested should be available for use under the Executive Order process. The Department's list of programs under the process included all of those programs. Another of the commenters suggested that the list when finally published be standardized. Since programs vary from agency to agency, the Department does not believe that a standardized list can serve any useful purpose toward the implementation of the Executive Order. Finally, one of these commenters later stated that it would like to reserve the right to integrate or suggest adaptations to existing processes so as to include them within its State's process. The Department is not adverse to discussing these concepts in cases where existing processes actually do not meet the intent of the Executive Order.

One commenter suggested that the Department include section 9.4 in its rules as other agencies proposed to do, rather than reserve it. This section was an optional section, and the concepts contained therein were proposed for inclusion in sections 3b and 5b. The Department has decided not to change its choice.

One commenter requested the exclusion of Indian programs from coverage of the Executive Order. Since its inception, the Executive Order has been conceived as exempting federally recognized tribes from its coverage. In its proposed rule making, the Department assumed that this was understood. In the interest of clarity, however, the Department is excluding all programs for the benefit of Indian tribes. In addition, those programs which are designed solely for the benefit of the territories of the United States and the Trust Territory of the Pacific Islands are similarly excluded. Those programs affecting the territories are ones in which there is close cooperation between the individual territories and the Department through the Federal budgeting process. The territories submit budgets to the United States,

which are then passed through the President's Budget to the Congress and acted on by that body. The money appropriated to each of the territories is then passed back to the territories through the Department. It is the Department's belief that this process works well, and it was not the intent of the Executive Order to cover these programs. The Indian and Territories programs so excluded will be published in a separate Federal Register notice at a later date.

➤ A number of commenters agreed with the Department's proposal for coverage of programs; that is, those programs with existing consultation requirements which meet the intent and spirit of the Executive Order should continue to be operated using the existing consultation processes. One of these commenters questioned the effectiveness of consultation in a few programs on some occasions. The Department is desirous of continued good relations with State and local governments, and wishes to have the existing consultation requirements continue to be effective; therefore, the Department intends to work with this commenter and any other State or local government which believes that consultation processes already in place are not being followed in a satisfactory manner.

A smaller number of commenters indicated disagreement with the concept of using existing consultation procedures as proposed by the Department. Of these, one organization commented twice stating that under Interior's concept, the State would lose the opportunity for accommodation or explanation of nonaccommodation and that the Department would lose the advantage of having single focus comments from the State. In addition, the commenter returned to us a list of programs with existing consultation processes which it would choose to include within the E.O. 12372 process. We are somewhat confused by the statement of the commenter and the list returned to us since many of the programs they choose to cover not only can be said to have accommodation, but may not be implemented without the Governor's or some other State agency's approval. In addition, some of the programs are limited in geographic scope such that they are not available to the commenter. A second commenter whose comment was dated prior to publication of our list indicated disagreement with the Department's proposal. As an example of the insufficiency of existing consultation, he cited a Department regulation which he contends is in violation of Federal

statutes. We do not understand why the commenter did not bring this alleged violation to the Department's attention earlier. It does not require a formal consultation process to alert a Federal agency to a potential violation of law. Since the program cited by the commenter is one which is available for the States to include within the Executive Order 12372 process, and since the commenter provided no other examples, it may be that this commenter's concerns have been covered. It is the Department's intention to continue existing consultation processes insofar as they meet with the spirit and intent of the Executive Order. It is not the Department's intent to thwart the clear benefit of federalism as expressed in the Executive Order. As stated in the preamble to our proposed rule, the Department believes that the existing processes meet that intent while providing State and local governments with meaningful opportunities to comment and to share in the planning and implementation of the Department's programs and activities. By asking for comments on this concept and soliciting comments on the individual programs once the list was published, the Department wished to find out if its perceptions were correct or, alternatively, if there were widespread problems with the existing consultation processes. From the comments received the Department believes there may be some individual instances where Departmental bureaus have not followed existing processes or where a State or local government perceives a lack of preferred involvement in the Department's programs and activities. The comments do not, however, indicate a wide-spread dissatisfaction with those processes, whether they be processes required by statute or regulation, or informal processes. While we are retaining our scope regulation as originally published and the list of programs as published, the Department invites individual states to discuss the implementation of consultation in individual programs.

Four commenters provided us with a list of programs that they indicated should be covered by the process under the Executive Order. All of the programs mentioned by two commenters are covered. One commenter listed four Indian programs which have been discussed above, one program with an existing consultation process (which is inapplicable geographically) and seven programs which may be included within a State process under the Executive Order. The fourth commenter, as discussed earlier, listed programs not

applicable in its area; therefore, we intend to work with the commenter as it develops its internal process.

#### **Executive Order 12291, Paperwork Reduction Act, and Regulatory Flexibility Act**

The Department has determined that this is not a major rule under Executive Order 12291. The rule will simplify consultation with the Department and allow state and local governments to establish cost effective consultation procedures. For this reason, the Department believes that any economic impact the regulation has will be positive. In any event, it is unlikely that its economic impact will be significant. Consequently, the Department certifies, under the Regulatory Flexibility Act, that this rule will not have a significant economic impact on a substantial number of small entities. This rule is not subject to Section 3504(h) of the Paperwork Reduction Act, since it does not require the collection or retention of information.

9.10 How does the Secretary make efforts to accommodate intergovernmental concerns?

9.11 What are the Secretary's obligations in interstate situations?

9.12 How may a state simplify, consolidate, or substitute federally required state plans?

9.13 May the Secretary waive any provision of these regulations?

Authority: Executive Order 12372, July 14, 1982 (47 FR 30959), as amended April 8, 1983 (48 FR 15887); and Sec. 401 of the Intergovernmental Cooperation Act of 1968 as amended (31 U.S.C. 6506).

#### **§ 9.1 What is the purpose of these regulations?**

(a) The regulations in this part implement Executive Order 12372, "Intergovernmental Review of Federal Programs," issued July 14, 1982 and amended on April 8, 1983. These regulations also implement applicable provisions of section 401 of the Intergovernmental Cooperation Act of 1968.

(b) These regulations are intended to foster an intergovernmental partnership and a strengthened Federalism by relying on state processes and on state, areawide, regional and local coordination for review of proposed federal financial assistance and direct federal development.

(c) These regulations are intended to aid the internal management of the Department, and are not intended to create any right or benefit enforceable at law by a party against the Department or its officers.

#### **§ 9.2 What definitions apply to these regulations?**

"Department" means the U.S. Department of the Interior.

"Order" means Executive Order 12372, issued July 14, 1982, and amended April 8, 1983 and titled "Intergovernmental Review of Federal Programs."

"Secretary" means the Secretary of the U.S. Department of the Interior or an official or employee of the Department acting for the Secretary under a delegation of authority.

"State" means any of the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, Guam, American Samoa, the U.S. Virgin Islands, or the Trust Territory of the Pacific Islands.

#### **§ 9.3 What programs and activities of the Department are subject to these regulations?**

(a) The Secretary publishes in the Federal Register a list of the Department's programs and activities that are subject to these regulations and

a list of programs and activities that have existing consultation processes.

(b) With respect to programs and activities that a state chooses to cover, and that have existing consultation processes, the state must agree to adopt those existing processes.

#### **§ 9.4 [Reserved]**

#### **§ 9.5 What is the Secretary's obligation with respect to federal interagency coordination?**

The Secretary, to the extent practicable, consults with and seeks advice from all other substantially affected federal departments and agencies in an effort to assure full coordination between such agencies and the Department regarding programs and activities covered under these regulations.

#### **§ 9.6 What procedures apply to the selection of programs and activities under these regulations?**

(a) A state may select any program or activity published in the Federal Register in accordance with § 9.3 of this Part for intergovernmental review under these regulations. Each state, before selecting programs and activities, shall consult with local elected officials.

(b) Each state that adopts a process shall notify the Secretary of the Department's programs and activities selected for that process.

(c) A state may notify the Secretary of changes in its selections at any time. For each change, the state shall submit to the Secretary an assurance that the state has consulted with local elected officials regarding the change. The Department may establish deadlines by which states are required to inform the Secretary of changes in their program selections.

(d) The Secretary uses a state's process as soon as feasible, depending on individual programs and activities, after the Secretary is notified of its selections.

#### **§ 9.7 How does the Secretary communicate with state and local officials concerning the Department's programs and activities?**

(a) For those programs and activities covered by a state process under § 9.6, the Secretary, to the extent permitted by law:

(1) Uses the state process to determine views of state and local elected officials; and,

(2) Communicates with state and local elected officials, through the state process, as early in a program planning cycle as is reasonably feasible to explain specific plans and actions.

(b) The Secretary provides notice to directly affected state, areawide, regional, and local entities in a state of proposed federal financial assistance or direct federal development if:

(1) The state has not adopted a process under the Order; or

(2) The assistance or development involves a program or activity not selected for the state process. This notice may be made by publication in the Federal Register or other appropriate means, which the Department in its discretion deems appropriate.

#### **§ 9.8 How does the Secretary provide states an opportunity to comment on proposed federal financial assistance and direct federal development?**

(a) Except in unusual circumstances, the Secretary gives state processes or directly affected state, areawide, regional and local officials and entities:

(1) At least 30 days from the date established by the Secretary to comment on proposed federal financial assistance in the form of noncompeting continuation awards; and

(2) At least 60 days from the date established by the Secretary to comment on proposed direct federal development or federal financial assistance other than noncompeting continuation awards.

(b) This section also applies to comments in cases in which the review, coordination, and communication with the Department have been delegated.

#### **§ 9.9 How does the Secretary receive and respond to comments?**

(a) The Secretary follows the procedures in § 9.10 if:

(1) A state office or official is designated to act as a single point of contact between a state process and all federal agencies, and

(2) That office or official transmits a state process recommendation for a program selected under § 9.6.

(b) (1) The single point of contact is not obligated to transmit comments from state, areawide, regional or local officials and entities where there is no state process recommendation.

(2) If a state process recommendation is transmitted by a single point of contact, all comments from state, areawide, regional, and local officials and entities that differ from it must also be transmitted.

(c) If a state has not established a process, or is unable to submit a state process recommendation, state, areawide, regional and local officials and entities may submit comments either to the applicant or to the Department.

(d) If a program or activity is not selected for a state process, state, areawide, regional and local officials and entities may submit comments either to the applicant or to the Department. In addition, if a state process recommendation for a nonselected program or activity is transmitted to the Department by a single point of contact, the Secretary follows the procedures of § 9.10 of this Part.

(e) The Secretary considers comments which do not constitute a state process recommendation submitted under these regulations and for which the Secretary is not required to apply the procedures of § 9.10 of this Part, when such comments are provided by a single point of contact, by the applicant, or directly to the Department by a commenting party.

**§ 9.10 How does the Secretary make efforts to accommodate intergovernmental concerns?**

(a) If a state process provides a state process recommendation to the Department through its single point of contact, the Secretary either:

- (1) Accepts the recommendation;
- (2) Reaches a mutually agreeable solution with the state process; or
- (3) Provides the single point of contact with such written explanation of the decision, as the Secretary in his or her discretion deems appropriate. The Secretary may also supplement the written explanation by providing the explanation to the single point of contact by telephone, other telecommunication, or other means.

(b) In any explanation under paragraph (a)(3) of the section, the

Secretary informs the single point of contact that:

- (1) The Department will not implement its decision for at least ten days after the single point of contact receives the explanation; or
- (2) The Secretary has reviewed the decision and determined that, because of unusual circumstances, the waiting period of at least ten days is not feasible.
- (c) For purposes of computing the waiting period under paragraph (b)(1) of this section, a single point of contact is presumed to have received written notification 5 days after the date of mailing of such notification.

**§ 9.11 What are the Secretary's obligations in interstate situations?**

(a) The Secretary is responsible for:

- (1) Identifying proposed federal financial assistance and direct federal development that have an impact on interstate areas;
- (2) Notifying appropriate officials and entities in states which have adopted a process and which select the Department's program or activity;
- (3) Making efforts to identify and notify the affected state, areawide, regional, and local officials and entities in those states that have not adopted a process under the Order or do not select the Department's program or activity;
- (4) Responding pursuant to § 9.10 of this Part if the Secretary receives a recommendation from a designated areawide agency transmitted by a single point of contact, in cases in which the review, coordination, and communication with the Department have been delegated.

(b) The Secretary uses the procedures in § 9.10 if a state process provides a state process recommendation to the Department through a single point of contact.

**§ 9.12 How may a state simplify, consolidate, or substitute Federally required state plans?**

(a) As used in this section:

(1) "Simplify" means that a state may develop its own format, choose its own submission date, and select the planning period for a state plan.

(2) "Consolidate" means that a state may meet statutory and regulatory requirements by combining two or more plans into one document and that the state can select the format, submission date, and planning period for the consolidated plan.

(3) "Substitute" means that a state may use a plan or other document that it has developed for its own purposes to meet Federal requirements.

(b) If not inconsistent with law, a state may decide to try to simplify, consolidate, or substitute Federally required state plans without prior approval by the Secretary.

(c) The Secretary reviews each state plan that a state has simplified, consolidated, or substituted and accepts the plan only if its contents meet Federal requirements.

**§ 9.13 May the Secretary waive any provision of these regulations?**

In an emergency, the Secretary may waive any provision of these regulations.

amount of the second mortgage will be zero. If the teacher sells the home, does not continue to live in the home as his or her sole residence, or becomes an owner of any other residential real property before the three year residency requirement is complete, he or she will owe HUD the amount due on the second mortgage.

(d) *FHA mortgage insurance.* If the home is eligible for an FHA-insured mortgage, the teacher may choose to finance the home with an FHA-insured mortgage. In this case, the downpayment for the home will be \$100.

(e) *Local governments, school districts, and nonprofit organizations.* Local governments, school districts, and private nonprofit organizations may purchase homes through the TND Initiative, if they intend to resell these homes directly to eligible teachers under the terms and conditions of the TND Initiative. To avoid the cost of a dual closing, local governments, school districts, and private nonprofit organizations will have to assign the sales contract to an eligible teacher before, or at the time of, closing or participate in a three-party closing with the eligible teacher.

(f) *Real estate brokers.* Teachers may use the services of a real estate broker. A fee required by the broker, however, will be deducted from the 3% discount on the home.

(g) *Single-unit homes.* Only single-unit homes are eligible under the TND Initiative. Detached homes, condominiums, and townhouses are all eligible under the Initiative.

(h) *Revitalization areas.* Homes purchased through the TND Initiative must be located in HUD-designated revitalization areas.

(i) *One year program.* The TND Initiative is a temporary program that will operate from November 1999 to November 2000.

#### IV. For More Information About the TND Initiative

Teachers, local governments, public school districts, private nonprofit organizations, and other interested persons can receive a brochure about the TND Initiative by calling (800) 483-7342; or by visiting HUD's Web site at <http://www.hud.gov>.

#### Powder River Regional Coal Team Activities; Schedule of Public Meeting

AGENCY: Department of the Interior, Wyoming.

ACTION: Notice of schedule of public meeting.

SUMMARY: The Powder River Regional Coal Team (RCT) announces that it has scheduled its annual public meeting for April 23, 1997 for the following purposes: (1) review current and proposed activities in the Powder River Coal Region, (2) review new and pending coal lease applications (LBA),

and (3) make recommendations on new coal lease applications.

DATES: The RCT meeting will begin at 9:00 a.m. M.D.T. on Wednesday, April 23, 1997, at the Wyoming Conservation Commission Meeting Room, 777 West 1st Street, Casper, Wyoming. The meeting is open to the public.

ADDRESSES: The meeting will be held at the Wyoming Conservation Commission's Meeting Room, 777 1st Street, Casper, Wyoming. Attendees may wish to make their room reservations before until April 11, 1997. A block of rooms has been reserved for team members and guests at the Casper Hilton Inn through April 11, 1997. For room reservations call 1-307-266-6000.

FOR FURTHER INFORMATION CONTACT: Pam Hernandez or Eugene Jonart, Wyoming State Office, Attn. (922), P.O. Box 1828, Cheyenne, Wyoming 82003; telephone (307) 775-6270 or 775-6257.

SUPPLEMENTARY INFORMATION: Primary purpose of the meeting is to discuss pending and new coal lease applications (LBA) from Evergreen Enterprises, (WYW138975), filed on May 13, 1996, for an estimated 675 million tons and 7,841 acres, and the Antelope Coal Company (WYW141435), filed February 14, 1997, for an estimated 177 million tons and 1,470 acres. This is the initial public notification of the pending applications listed above, in accordance with the Powder River Operational Guidelines (1991). Generally, a coal lease application filed under the LBA portion of BLM regulations (43 CFR 3425) takes two to four years to be processed to the competitive sale stage, depending on informational and environmental study requirements. The RCT may generate recommendation(s) for any or all of the new and pending LBAs.

The meeting will serve as a forum for public discussion on Federal coal management issues of concern in the Powder River Basin region. Any party interested in providing comments or data related to the above pending applications may either do so in writing to the State Director (925), Wyoming State Office, Bureau of Land Management, P.O. Box 1828, Cheyenne, WY. 82003 no later than April 14, 1997, or by addressing the RCT with his/her concerns at the meeting on April 23, 1997.

The proposed agenda for the meeting follows:

1. Introduction of RCT Members and guests.
2. Approval of the Minutes of the April 23, 1996, Regional Coal Team meeting held in Cheyenne, Wyoming.
3. Regional Coal Activity Status:

- a. Current Production and Trend
- b. Activity Since Last RCT Meeting;
- c. Status of pending LBAs previously reviewed by RCT:

#### Update of List of Programs Under Which States May Opt To Use E.O. 12372 Process; Intergovernmental Review of the Department of the Interior Programs and Activities

**AGENCY:** Office of the Secretary, Interior.  
**ACTION:** Notice.

**SUMMARY:** This notice updates a list of programs and activities under which States may opt to use E.O. 12372, "Intergovernmental Review of Federal Programs" process. The original list appears in the Federal Register on June 24, 1983 (48 FR 29235). These changes are being published as a notice pursuant to the requirements of 43 CFR 9.3.

**EFFECTIVE DATE:** This notice shall be effective on February 7, 1985.

**FOR FURTHER INFORMATION CONTACT:** Office of Acquisition and Property

Management, Division of Acquisition and Grants, 18th and C Streets, NW., Washington, D.C. 20240, (202) 343-6431.

**SUPPLEMENTARY INFORMATION:** This updating is necessary for several reasons. The programs 15.613, "Marine Mammal Grant Program" was deleted from the 1984 Catalog of Federal Domestic Assistance because no funds had been estimated to be obligated during FY 1984. This program is therefore deleted from the "List of Programs Under Which States May Opt To Use E.O. 12372 Process."

The program 15.920, "Land Acquisition and Development of Comprehensive Management Plan (CMP)—State of New Jersey—Pinelands National Reserve" was not included in the Catalog of Federal Domestic Assistance at the time of the Federal Register notice published on June 24, 1983. This program is therefore added to the "List of Programs Under Which States May Opt To Use E.O. 12372 Process," as follows:

Catalog No.	Program name	Administering bureau
15.920	Land Acquisition and Development of Comprehensive Management Plan (CMP)—State of New Jersey—Pinelands National Reserve.	National Park Service.

Dated: January 28, 1985.

Joseph E. Doddridge Jr.,  
Deputy Assistant Secretary of the Interior.

## State Single Points of Contact (SPOCs)

It is estimated that in 2000, the Federal Government will outlay \$283.5 billion in grants to State and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is the official list of those entities. For those States that have a home page for their designated entity, a direct link has been provided below.
